FEATURES

-  This installation system consists in assembling the boards with slots and cuts on their edges by applying a slight pressure on the boards. The boards are then bonded with white glue. Tools are needed for the installation.
-  The finish imitates traditional hand brushing of the wood, providing a rough and artisan look as the one cabinetmakers would achieve in the past.
-  Beveled cut on all 4 edges of the board for emphasizing size
-  **30** Quality product made with selected raw materials, guaranteeing its full residential use for 30 years as provided by L' Antic Colonial.
-  Format where only one board has been used to finish the entire base surface
-  It is necessary to apply adhesive for installing it.
-  **OAK** Made with oak wood.
-  Material from a North American country.
-  Structure consisting of an upper layer that has the noble look of the material, an intermediate layer of coniferous wood that compensates the tensions between the different parts, and a bottom plywood that provides dimensional stability.
-  Slight smoothing of the wood using a brush to achieve a surface with a slight relief.
-  Applying a color oil or varnish on the wood surface in order to get different color ranges.
-  **N** Combination of oils and natural waxes with air drying that leave the wood continuously, even when it is fitted, so that it may have a 'dry' look when opened to be installed. Advantages: Easy repair of dents and scratches, very natural look, and easy maintenance with the right products. Right after installing and before its first use we recommend the use of CLEAN&GREEN AQUA OIL 1 L.
-  Is suitable for installing on water radiant heating
-  Material with many knots on its surface that can have different sizes depending on the type of wood. These, along with any cracks that may appear, are covered with putty.
-  Installation system where gluing the boards to the floor is not necessary. They are installed on a foam and joined together
-  There are considerable color changes between pieces.
-  Material from a European country.
-  Noble layer
